## Biography

Michael Bartlett did a BA Hons Fine Art at Portsmouth and has exhibited regularly at several London galleries, including at the Royal College of Art, Transition Gallery, CA Projects, Gasp Gallery, Contemporary Art Projects, The Cello Factory, Gallery in Cork Street and at Stone Gallery (Dublin), Oisín Gallery (Dublin), Millais Gallery Project Space (Southampton), Mantle Arts (Leicester), amongst others.

His subject matter includes art world personalities, people attending art exhibitions, animal stories and paintings inspired by his visits to the zoo. His work is highly expressive and although most of the work on the exhibition is small in scale, it's easy to imagine the personalities depicted. At first glance his brightly coloured paintings appear to be light-hearted, but on closer examination there is a carefully observed seriousness that make them all the more appealing to his many collectors and admirers.
